

Self-Assessment Packet

Name _____ Period _____

Piece _____

Directions: Assess how well you can individually perform your music. Using one or multiple of the markings listed below indicate your level of accuracy for that measure. Options include: correctly, rhythm error, pitch error, or an expressive error. Every box for however many measures there are in the piece should have something filled in. (Do not skip rests!!) This is a tool that helps us make better use of our rehearsal time. How you fill out this sheet directly influences the planning of futures rehearsals. This will only make us better!

✓ = can perform correctly **R** = rhythmic error **P** = pitch error **E** = expressive error (articulation/dynamics/ect)
